

PLACEMENT DRIVE NOTIFICATION

Company	Upsquare Solutions Pvt Ltd
About the Company	Upsquare started as a UX Consulting and Software Development Company organization in the year 2012. In our journey of the past 9+ years, we have created, profited, and exited from international businesses and companies for a few million US Dollars.
Job Title	1. iOS: Trainee Engineers 2. Flutter: Engineers 3. Backend/PHP/Node/ReactJs/Python: Engineers
Job Description	We focus on developing mobile apps and associated cloud technologies for our product and internal consulting and services business units. Our teams do the full-service technology product development work using most of the latest technologies. Those technologies include iOS, Objective-C/Swift, XCode, Sqlite, Android, Kotlin, ReactNative, Flutter, PHP, Golang, NodeJs, ReactJs, Python, and more. For UX design, prototyping, and creating MVPs, we use Sketch and Adobe XD as our tools of choice. We also employ an in-house ASO and Product Marketing team, who are avid researchers. They feed our product engineering teams with ideas and exciting and challenging projects based on relentless observation and analysis.
